## This Month We Learn About Saint Margaret of Scotland

### Who was she?

Margaret was born an English princess and later married Malcolm III and became a Scottish queen. She brought many changes to the Scottish Church to make it more like the Catholic church in Rome. She also inspired her husband and children to be just and holy rulers. Margaret was good to the poor and orphans and served them every day before her meals, sometimes washing their feet. She also invited the Benedictines to build a monastery at Dunfermline and built boats to help visiting pilgrims travel to St. Andrews in Fife.
